

MCP, an affiliate of UCP of South Florida

Miami Cerebral Palsy Residential Services, Inc.

Would you like to consider a ‘home away from home’, yet structured environment for your loved one with special needs? We provide most services offered by the Medicaid waiver program through an **alternate** funding program known as Intermediate Care Facilities for the

Developmentally Disabled (ICF/DD). Unlike the Medicaid Waiver program, our funding is guaranteed. We serve children & adults who are non-ambulatory with various types of developmental disabilities such as Intellectually Disabled, Cerebral Palsy, Spina Bifida, Seizure Disorder and Autism within our residential homes and adult day training program. Miami Cerebral Palsy specializes in providing active treatment (intensive, consistent and individualized skill training programs) to maximize each individual’s potential growth. Miami Cerebral Palsy has a proven track record of over 26 years in Miami Dade County; providing care to individuals requiring specialized medical &

therapeutic care 24/7. Training Magazine has selected our agency as Top 125 best places to work for nationally for 3 consecutive years and are also the recipient of the National Moving Mountains Award for best practices in direct support workforce development.

Funding is provided by Florida Medicaid.
